 Stephanie Erin Brewer

AMERICAN JOURNAL OF INTERNATIONAL LAW

VOL	102 October 2008	NO. 4
	CONTENTS	PAGE
On P	oportionality of Countermeasures in International Law Thomas M.	Franck 715
	The principle of proportionality is generally held to govern the extent to which a provocation may be lawfully countered by what might otherwise be an illegal response. Focusing on the application of proportionality to a range of subjects such as armed conflicts between states, interstate trade disputes, and restrictions on internationally protected human rights, this article finds that, despite its vagueness, the principle succeeds in modulating conflict between states because through frequent application it has shed much of its indeterminacy.	
Reeva	uating Regional Human Rights Litigation in the Twenty-first Century	7:
Th	Case of the Inter-American Court	
	James L. Cavallaro and Stephanie Erin 1	Brewer 768
	Over the past two decades, the political landscapes over which regional human rights courts exercise jurisdiction have changed dramatically, signaling the need for a new model of supranational human rights litigation based on the dynamics of social change in countries now subject to these courts. Focusing primarily on the Inter-American Court of Human Rights, this article recommends procedural and jurisprudential modifications to enhance the domestic impact of the Court's work in the Americas.	
Inter	ational Decisions Edited by David J. Bea	lerman
	reignty over Pedra Branca/Pulau Batu Puteh, Middle Rocks and South Ledgo Ialaysia/Singapore) (Coalter G. Lathrop)	828
