TABLE OF CONTENTS

Chapter I. Introduction	21
Chapter II. Selected contemporary disputes concerning islands	25
A. North Atlantic Ocean, Mediterranean Sea, and Caribbean Sea	26
B. South Atlantic Ocean	30
C. Southern Ocean	31
D. Indian Ocean	32
E. Pacific Ocean	34
F. Conclusion	40
Chapter III. Definition of an "island"	41
A. Low-tide elevations	42
B. Islands	48
C. Islands that are "rocks"	56
D. Conclusion	75
Chapter IV. Methods for acquiring sovereignty over an island	77
A. General points	77
B. Title by discovery and occupation of <i>terra nullius</i>	81
C. Title by international agreement between States	85
D. Title by State succession	89
E. Title by military conquest	92
F. Title by continuous and peaceful display of sovereignty	93
G. Relevance of proximity/contiguity of the island to other features	105
H. Relevance of maps	108
I. Alternative approaches	110
J. Conclusion	112
Chapter V. Islands within boundary rivers or lakes	113
A. General points	113
B. Islands in boundary rivers	113
C. Islands in boundary lakes	119
D. Conclusion	122
Chapter VI. Islands in relation to maritime zones	124
A. Baselines and internal waters of a mainland in relation to nearby islands or low-tide elevations	125
1. Normal baselines and low-tide elevations	125
2. Straight baselines and "fringing" islands	127
3. Straight baselines and low-tide elevations	130
4. Bay closing lines and islands within bays	131
5. Internal waters	133
B. Baselines and internal waters of an island not part of a fringe of islands along a mainland	133
C. Islands and the territorial sea	134
1. No maritime zones for low-tide elevations	134
2. Entitlement of islands to a territorial sea	135
3. Rights and obligations in an island's territorial sea	137
D. Islands and the contiguous zone	137
E. Islands and the exclusive economic zone	138

F. Islands and the continental shelf	141
G. Archipelagos.	144
H. Islands and historic titles, bays and rights	150
1. Historic titles and bays.	152
2. Historic rights	156
3. Artisanal (traditional) fishing rights	159
4. Historic rights and maritime delimitation	159
I. Conclusion	166
Chapter VII. Effects of islands on maritime boundary delimitation	168
A. Rules, principles or methods on delimitation of maritime zones generally.	169
B. Rules, principles or methods relating to islands when delimiting maritime zones	174
1. General observations.	175
2. Islands and an equidistance line	182
3. Islands and an angle-bisector line	184
4. Enclaving islands.	186
5. "Mushrooming" islands	188
6. Combination of methods.	189
C. Rights and obligations pending resolution of overlapping claims	194
D. Conclusion.	207
Chapter VIII. Changes in islands over time	208
A. Ways that islands can change over time	208
B. Legal consequences of changes over time	211
1. Creation of new islands	211
2. Unstable maritime zones	213
3. Stable maritime zones despite shifting baselines	214
4. Islands to rocks to low-tide elevations	216
5. Disappearance of an island State	216
C. Conclusion.	219
Chapter IX. Pacific settlement of island disputes	220
A. Overview of LOS Convention dispute settlement	220
B. Islands and negotiation	224
C. Islands and mediation	227
D. Islands and conciliation	228
E. Islands and arbitration.	231
F. Islands and judicial settlement	238
1. Contentious cases	238
(a) International Tribunal for the Law of the Sea	239
(b) International Court of Justice	240
2. Advisory opinions	242
G. Commission on the Limits of the Continental Shelf.	244
H. Conclusion.	247
Chapter X. General conclusions	248
Bibliography.	251
