GENERAL TABLE OF CONTENTS

Disagreement Reduced to Writing : Rethinking the Law of Treaties, by J. KLABBERS, Professor at the University of Helsinki 9-186

Perspectives for Space Law in the Twenty-First Century, by S. HOBE, Director of the Institute of Air Law, Space Law and Cyber Law 187-352

TABLE OF CONTENTS

Foreword 25

Chapter I. Messiness in the law of treaties 28

A. Introduction 28

1. Limited political imagination 29
2. Agreement and disagreement 30

B. Putting the ILC to work, again 31

1. Provisional application 31
2. Interpretation 33
3. *Jus cogens* 34
4. Reservations 35
5. Non-legally binding agreements 36

C. Some further messiness 37

1. The interim obligation 37
2. Treaty conflict 37
3. Third parties 38
4. Breach 38

D. The coverage of the law of treaties 40

1. Customary international law? 40
2. Outside the scope of the VCLT 43

E. Causes of messiness 45

1. Residual rules 45
2. The contractual analogy 46

F. Responses to messiness 48

1. *Renvoi* 48
2. Focus on practical issues 49
3. Ignorance can be bliss 50
4. Lack of precision 52

G. Three fundamental problems 53

1. The conceptual issue: The limits of the archetype 53
2. The philosophical issue: Form, not substance 54
3. The political issue: Power and disagreement 59

H. Final remarks 60

Chapter II. Toward the archetype 62

A. Introduction 62
B. An overworked instrument 62

1. One size fits all 62
2. Four tasks 63
3. New instruments: Framework conventions 65
4. New instruments: The role of international organizations 66
5. New instruments: Memoranda of understanding 67

C. Treaty conflict 71

1. The general idea 71
2. The main rule 72

3. Individual rights . . . 74
4. Mitigating the problem . . . 75
D. The interim obligation . . . 76
1. The general idea . . . 76
2. The lawmaking treaty problem . . . 77
3. The courts . . . 79
E. Objective regimes . . . 82
1. The general idea . . . 82
2. The notion of objective regime . . . 83
3. The third party rule . . . 84
F. Final remarks . . . 87
Chapter III. The limited archetype of the VCLT . . . 90
A. Introduction . . . 90
1. The idea of the chapter . . . 90
2. On archetypes . . . 90
3. On taxonomies . . . 92
B. Toward the archetype: The first circle . . . 93
1. The VCLT at its best . . . 93
2. A limited number of parties . . . 94
3. Allocating risk? . . . 95
4. Or managing risk? . . . 95
C. The second circle . . . 96
1. Allocating authority . . . 96
2. Managing common projects . . . 97
D. The third circle . . . 99
1. "Bipolar" treaties . . . 99
2. Multilateral treaties replacing or complementing bilateral treaties 99
3. Some further examples . . . 101
4. The role of multilateral fora . . . 102
E. The fourth circle: Integral treaties . . . 103
1. A different taxonomy . . . 103
2. Fitzmaurice's work . . . 103
3. Some remarkable things . . . 105
F. The fifth circle: The constitution . . . 107
1. *Res inter alios acta* . . . 107
2. The inapplicability of the VCLT . . . 108
3. Amendment . . . 109
G. Circle zero: "Unilateral agreement" . . . 112
1. Unilateralism . . . 112
2. The unilateral promise . . . 113
3. The optional clause system . . . 115
4. Unilateral interventions? . . . 116
H. Final remarks . . . 118
Chapter IV. The circumvention of disagreement . . . 120
A. Introduction . . . 120
B. Escaping binding force: Reservations . . . 120
1. The prewar system . . . 120
2. The VCLT regime . . . 121
3. Power and the imbalance . . . 123

4. Mitigating the effects? . . . 125
5. Back to the ILC . . . 126
6. Bilateralization . . . 128

C. Rewriting binding force: Interpretation . . . 130

1. The apparent need for rules . . . 130
2. Puzzling issues . . . 132
3. The role of the rules . . . 134
4. Institutional factors . . . 135
5. Phronesis . . . 136

D. Ending binding force: Termination and withdrawal . . . 137

1. The point . . . 137
2. Termination by agreement . . . 138
3. *Force majeure* . . . 141
4. Breach . . . 142

E. Avoiding binding force: The (ostensibly) non-legally binding agreement . . . 145

1. Politics, morality . . . 145
2. Fawcett's role . . . 147
3. Identification and international case law . . . 150
4. Indirect legal effects? . . . 152
5. The contractual analogy vanishes . . . 154
6. Exit democratic and judicial control . . . 155

F. Redirecting binding force: Framing and reframing . . . 156

1. The general idea . . . 156
2. Framing and the VCLT . . . 157

G. Final remarks . . . 159

Chapter V. Conclusions: Rethinking the Vienna Convention? . . . 161

A. Introduction . . . 161
B. Some conclusions . . . 162

1. The role of the contractual analogy . . . 162
2. The role of disagreement . . . 163
3. The role of formalism . . . 164

C. The invisible college . . . 165

1. The reification of practice . . . 165
2. Deference . . . 167

D. What then? . . . 169

1. More rules, more tribunals? . . . 169
2. The possible fragmentation of the law of treaties? . . . 170

E. Final remarks . . . 171

Bibliography . . . 173

Cases . . . 183

International tribunals . . . 183

Domestic jurisdictions . . . 185

TABLE OF CONTENTS

Introduction 197

Part A. Development of general international law 205

Chapter I. International law as a law of coexistence 206
Chapter II. International law as a law of cooperation 211
Chapter III. International law in the era of globalisation 214

Part. B. Space law 217

Chapter IV. One century of development of space technology (1923-2024) 218
Chapter V. Development of space law 223
1. The five space treaties 224
(a) Non-military use 225
(aa) The freedoms 225
(bb) Non-appropriation 227
(cc) Assistance to astronauts. 230
(dd) Responsibility and liability 232
(1) Responsibility 232
(2) Liability 233
(ee) Registration 239
(ff) Environmental protection 242
(gg) Conclusion on non-military uses of outer space 248
(b) Military use. 248
(c) Opportunities for private space activities 252
(aa) Requirements 252
(bb) Examples of national space legislation. 256
(1) France 256
(2) United States 257
(3) Russian Federation 258
(4) ILA Model Law 259
2. Resolutions of the UN General Assembly 260
3. End of space lawmaking around 2000 265

Chapter VI. A new space era in the twenty-first century? 269

1. Space transportation 269
2. Micro-launchers. 270
3. Large constellations (infrastructures) of satellites 270
4. Suborbital or non-orbital space activities 271
5. Spaceports. 273
6. Space stations 273
7. Mining on celestial bodies (space resource activities). 275
8. Living on celestial bodies (space settlement) 277

Chapter VII. A new space law? 281

1. Legal requirements for new space activities 281
2. Analysis of existing space legislation in light of new space activities. 282
(a) Article I (3): Freedom of scientific investigation 282

(b) Article I (1-2): Freedom of exploration and use 283
(c) Article IX: Environmental protection 285
(d) Preliminary result: Limitations of the freedoms of outer space 286
3. Key requirements for revised or new space legislation compared to existing space law. 289
(a) Military uses of outer space 289
(b) Clarifying the meanings of "jurisdiction" and "control" . . . 289
(c) Interpreting the phrase "province of all mankind" 290
(d) Revisiting the concepts of liability and fault 292
(e) Governing the exploitation of natural resources. 293
(f) Detailing the requirements for registration 294
(g) Strengthening environmental protections 294
Summary 295
4. Can such changes be implemented? Methods of space lawmaking 296
(a) The role of UNCOPUOS in space lawmaking 296
(b) The consensus principle: A double-edged sword? 297
(c) Non-binding guidelines from expert bodies outside UNCOPUOS: A soft-law alternative? 298
(d) The UNIDROIT method? 300
(e) National licensing as a solution?. 300
(f) Conclusions on methods of space lawmaking 301

Part C. Changes to outer space legislation – possible solutions 303

Chapter VIII. Charges for using outer space 304
1. The use of outer space costs money 304
2. Clarification of the legal status of space resource activities: A new law according to Article 11 (5) of the Moon Agreement? . . . 306
3. Intermediate result 307

Chapter IX. Space traffic management 309
1. What is space traffic management?. 309
2. Elements of STM 311
3. STM and space law: Final remarks. 316

Chapter X. An international fund for space debris remediation 318

Conclusion Space law in the era of globalisation. 326

Bibliography. 327
