286 Women on the bench: a brief history

In 1870 the first woman was named to the bench in the U.S. But it would be more than 100 years before women began to achieve any significant representation in the judiciary.

Susan Carbon, Pauline Houlden and Larry Berkson Women on the state bench: their characteristics and attitudes about judicial selection

In 1980 the typical woman state judge was 48, white, a moderate to liberal Democrat with six years on the bench and a private law school education. And, in most cases, tended to think the selection system that put her on the bench produced the best judiciary.

306 Women on the federal bench: a comparative profile

An unprecedented number of women sit on the federal bench today, and, a study shows, they differ from their male colleagues in several important respects. But the impact of these 'differences' on decisonmaking remains to be seen.

314 Women as Supreme Court candidates: from Florence Allen to Sandra O'Connor

America was not ready for a woman on the Supreme Court when a well-qualified Florence Allen was available in the 1930s. But by 1981, America had changed its mind.
